OFFICE OF LAND AND EMERGENCY MANAGEMENT

May 11, 2021

The Honorable Ken Peregon Board of Commissioners Chairperson Kalamazoo County 201 West Kalamazoo Avenue Kalamazoo, MI 49007-3777

Dear Mr. Peregon:

On behalf of the United States Environmental Protection Agency (EPA), I am pleased to congratulate you and confirm that the Kalamazoo County Brownfield Redevelopment Authority was selected as one of the entities EPA will begin negotiations with to award a cooperative agreement for an Assessment Grant. The Kalamazoo County Brownfield Redevelopment Authority submitted an outstanding application, and we deeply appreciate the tremendous commitment of time and energy that went into its preparation.

Since its inception in 1995, EPA's Brownfields Program has worked to help states and communities around the country clean up and revitalize brownfield sites. We fully expect that these brownfield projects will provide benefits to the environment and economy of local communities. Matt Didier, your Regional Brownfields Contact, will work closely with the Kalamazoo County Brownfield Redevelopment Authority to negotiate the cooperative agreement prior to the grant award. You may contact Matt Didier at 312-353-2112 or didier.matthew@epa.gov.

Again, congratulations on being selected! We look forward to working with you.

Sincerely,

avidelland

David R. Lloyd, Director Office of Brownfields and Land Revitalization

EPA's Brownfields Program empowers states, communities, and other stakeholders to work together to prevent, assess, safely clean up, and sustainably reuse brownfields. A brownfield site is real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. The Small Business Liability Relief and Brownfields Revitalization Act of 2002, as amended by the Brownfields Utilization, Investment and Local Development Act of 2018, was passed to help states and communities around the country clean up and revitalize brownfield sites. Under this law, EPA provides financial assistance to eligible applicants through five competitive grant programs: Multipurpose Grants, Assessment Grants, Revolving Loan Fund Grants, Cleanup Grants, and Environmental Workforce Development and Job Training Grants. Additionally, funding support is provided to state and tribal response programs through a separate mechanism.

Assessment Grant

\$300,000

EPA has selected the Kalamazoo County Brownfield Redevelopment Authority for a Brownfields Assessment Grant. Community-wide grant funds will be used to conduct 15 Phase I and nine Phase II environmental site assessments. Grant funds also will be used to prepare three cleanup plans and support community outreach activities. Assessment activities will focus on the Northside neighborhood of the City of Kalamazoo. Priority sites include a former boiler house that is currently a multi-purpose training facility, a former contractor's warehouse, a former gas station, and a historic general store. For further information, including specific grant contacts, additional grant information, brownfields news and events, and publications and links, visit the EPA Brownfields Web site (http://www.epa.gov /brownfields).

The information presented in this fact sheet comes from the grant application; EPA cannot attest to the accuracy of the information. The cooperative agreement is negotiated after the selection announcement. Therefore, the funding amount and activities described in this fact sheet are subject to change.

VIA EMAIL

Rachael Grover 201 West Kalamazoo Ave Kalamazoo, MI 49007

Dear Rachael:

Congratulations on the selection of Kalamazoo County's proposal for 300,000 Grant funding. I will be your Project Officer/Project Manager at U.S. EPA and I look forward to working with you and the coalition communities over the next few years. I can be reached at (312) 353-2112 or via email at didier.matthew@epa.gov

The next step in the process is to complete an Application for Federal Assistance, also referred to as Standard Form 424 (SF-424). This award will be a Cooperative Agreement (CA), a type of grant for which there will be substantial federal involvement in reviewing project activities and providing technical assistance, as requested.

Please review the **Checklist for Brownfield 104(K)** Applications attached to this email. The SF-424 and additional forms identified on the checklist can be found at the following website:

https://www.epa.gov/grants/epa-grantee-forms

Although you submitted a draft SF-424A form with your proposal through <u>www.grants.gov</u> you will need to complete an SF-424 form and submit it with the rest of the required application forms. There are separate instructions for each form so please read them carefully. If you have any issues or questions, please give me a call or email. There is no standard form for the detailed, itemized budget but it is required to show how you calculated the amounts in each object class category. Please ensure you update form to include budget & project period start dates: 10/01/21 – 09/30/24; that the Program Manager and Authorized Representative are two different people within the organization and, ensure money requested is in whole dollar form. For tips on preparing the budget detail, see:

https://www.epa.gov/sites/production/files/2014-08/documents/ogd budget detail guidance 5 31 11.pdf

Prior to submission of the application forms you will also need to develop a Work Plan for the project. The Work Plan is based on your proposal and must be approved by me and submitted as an attachment to your CA application. Please let me know if you would like to review an example Work Plan to assist your own preparation.

The draft of your Work Plan should be submitted to me by email no later than June 11th, 2021, but earlier is better.

Please submit the application package consisting of all forms on the attached checklist and the EPA-approved Work Plan no later than **COB July 9th**, **2021 (earlier is better)**. You must submit application packages by email to <u>region5applications@epa.gov</u> and provide a courtesy copy to me at:

Again, congratulations! I look forward to working with you on this new Cooperative Agreement.

Sincerely,

Brownfields Project Manager U.S. EPA Region 5

Re: Reimbursement Package for Completion of Eligible Activities Consistent with an Approved Brownfield Plan, Project Spartan, 6701 Portage Road, Portage, MI

Dear Ms. Grover,

Scannell Properties #397, LLC. Performed work at Project Spartan, 6701 Portage Road, Portage, MI as part of a Brownfield Development Agreement, dated January 28, 2020, between the Kalamazoo County Brownfield Redevelopment Authority and Scannell Properties #397, LLC.

As part of this work, a Brownfield Plan was approved by the Kalamazoo County Board of Commissioners on November 6, 2019. This plan contained \$2,712,516.44 of developer activities approved for reimbursement upon completion of the work. After completing the work, Scannell Properties #397, LLC. is requesting \$1,372,272.97 (plus 2% interest) in reimbursement.

Envirologic, the firm contracted to "assist with preparation of the reimbursement package and opine on whether the costs submitted for reimbursement are 'eligible costs' consistent with the Brownfield Plan" has reviewed all backup and believes this amount to be "consistent with the description of activities and approved costs described in the approved Brownfield Plan."

Reimbursements can be made payable to:

Scannell Properties #397, LLC. 8801 River Crossing Boulevard Indianapolis, IN 46240

If you have any questions, comments, or concerns, please contact Mike Simmons at mikes@scannellproperties.com or (317) 843-5951.

Sincerely,

Scannell Properties #397, LLC.

Re: **Reimbursement Package for Completion of Eligible Activities Consistent with an Approved Brownfield Plan, Project Spartan, 6701 Portage Road, Portage, MI**

Dear Ms. Grover,

Envirologic was contracted by Scannell Properties #397, LLC to assist with preparation of the reimbursement package and opine on whether the costs submitted for reimbursement are "eligible costs" consistent with the Brownfield Plan, approved by the Kalamazoo County Board of Commissioners on November 6, 2019.

The following represents the Request for Cost Reimbursement, as presented by Scannell Properties #397, LLC, per the terms described in the signed Brownfield Development Agreement, dated January 28, 2020, between the Kalamazoo County Brownfield Redevelopment Authority (Authority) and Scannell Properties #397, LLC (developer). This reimbursement request package is inclusive of developer costs only and does not include eligible costs incurred by the City of Portage or the Authority. The following also represents Envirologic's professional opinion on the Request for Cost Reimbursement.

OPINING ON ELIGIBLE COSTS

Envirologic has reviewed the invoices and supporting documentation (lien waivers, cancelled checks, check registers, and AIA documents) submitted by Scannell Properties #397, LLC for eligible activities described in the Brownfield Plan.

The Plan allows for reimbursement of eligible activities to the Kalamazoo County Brownfield Redevelopment Authority, the City of Portage, and Scannell Properties #397, LLC. Specific eligible activities include pre-approved activities, due care activities, dust control, public infrastructure improvements, site demolition, soil management, site preparation, soft costs associated with the eligible activities, preparation of the Brownfield Plan, contingencies, financing costs, and Authority expenses.

The Authority costs are limited to administrative and operating expenses, estimated in the Plan at \$23,000. Those costs are not included in this submission, as this Request for Cost Reimbursement solely covers developer costs.

Ms. Rachael Grover April 6, 2021 Page 2 of 3

Scannell Properties #397, LLC did not incur the site demolition costs related to milling the private drive that were anticipated in the Brownfield Plan. Therefore, those costs are not included in this request. Other site demolition costs were incurred and are included in this request.

Scannell Properties #397, LLC did incur costs related to pre-approved activities, due care activities, dust control, public infrastructure improvements, site demolition, soil management, site preparation, soft costs associated with the eligible activities, and development of the Brownfield Plan.

A few of the specific eligible costs were above the estimated amount but within the approved 15% contingency. These costs include clearing and grubbing, compaction and sub-base prep, cut and fill, and grading. The only expense incurred above the total of the estimate plus 15% contingency was replacing the curb and gutter within the ROW. This cost was estimated at \$2,500 and the actual cost incurred was \$4,790. It should be noted that the entire public infrastructure category costs submitted for reimbursement (\$8,540) are well below the approved public infrastructure category estimate of \$30,000.

There is one cost submitted for reimbursement that is pending supporting documentation. This is a soft cost associated with the reimbursement review (Envirologic, invoice# 7480, \$1,187.50). Envirologic recommends that Scannell Properties #397, LLC submits that supporting documentation to the Authority upon receipt and prior to the Authority's review of reimbursable expenses.

Simple interest expenses of 2.0% of annual unreimbursed principal costs were approved in the Brownfield Plan. Due to the nature of when these actual costs can be calculated, a specific dollar amount is not included in this reimbursement request for financing costs. The Brownfield Plan estimated interest expense at \$234,902.44.

Actual interest costs will be calculated based on annual unreimbursed principal costs remaining after the actual tax increment is received and distributed each year. However, as interest was already approved, those costs are deemed as an eligible activity consistent with the Brownfield Plan and are included in the reimbursement request.

Envirologic has reviewed all invoices and supporting documentation from Scannell Properties #397, LLC. All materials are attached to this Request for Cost Reimbursement and are itemized in Table 1: Developer Reimbursement Summary of Eligible Activities.

Ms. Rachael Grover April 6, 2021 Page 3 of 3

\$2,712,516.44 of developer eligible activities were approved in the Brownfield Plan. **Scannell Properties #397, LLC is requesting \$1,372,272.97 (plus 2% interest) in reimbursement.** Upon review of documentation and verbal communication with the developer, it is Envirologic's professional opinion that the \$1,372,272.97 (plus 2% interest) of submitted eligible costs are consistent with the description of activities and approved costs described in the approved Brownfield Plan. It is Envirologic's further professional opinion that the supporting documentation provided adequately documents the performance and payment of the eligible activities completed to date consistent with the approved Brownfield Plan.

Per the signed Brownfield Development Agreement, dated January 28, 2020, between the Kalamazoo County Brownfield Redevelopment Authority (Authority) and Scannell Properties #397, LLC (developer), reimbursements should be made to:

Scannell Properties #397, LLC 8801 River Crossing Boulevard Indianapolis, IN 46240
