KALAMAZOO COUNTY BROWNFIELD REDEVELOPMENT AUTHORITY

MEETING DATE: Thursday, October 24, 2019
PLACE OF MEETING: County Administration Building

201 West Kalamazoo Avenue, Room 207a

TIME: 4:00 pm

MINUTES

Present: Joe Agostinelli, Chris Carew, Connie Ferguson, Habib Mandwee, Doug Milburn, Jodi Milks,

Ken Peregon, Meredith Place, Andy Wenzel

Members Excused: Gary Barton, Travis Grimwood

Kalamazoo Township: Sherine Miller **Staff**: Rachael Grover, Lotta Jarnefelt

Consultant: Jeff Hawkins, Envirologic Technologies **Recording Secretary**: Rachael Grover, Lotta Jarnefelt

Community: 4

1. Chair Ken Peregon called the meeting to Order at 4:02 p.m.

2. Members Absent: Barton, Grimwood

3. <u>Approval of the Agenda</u>: Chair Peregon requested the addition of 2 items to the agenda. Item 7.d.i Administrative costs and Item 7.e.v. EGLE Grant Amendment

Agostinelli motioned approval of the agenda as amended and Milks seconded the motion. Motion carried.

- 4. Approval of Minutes:
 - a. Agostinelli motioned approval of the September 26, 2019 minutes. Ferguson seconded the motion. Motion carried.
 - b. Minutes from September 17, 2019 Special meeting: Not yet available. Minutes will be available at the November meeting.
- 5. Citizens Comments: None
- 6. Consent Agenda Invoices:
 - a. \$1,197.50 Envirologic General WO # 2019-1 General Environmental Review
 - b. **\$ 85.50 -** Varnum Invoice # 1079267 Parchment Mill
 - c. \$ 314.32 Grover GLERR Conference Registration and Travel
 - d. \$ 419.64 Peregon GLERR Conference Registration and Travel
 - e. EPA Grant Invoices
 - i. \$7,183.75 (Pet.) Envirologic WO# 22 City of Parchment River Reach Property
 - ii. \$ 361.25 (Haz) Envirologic WO#18 Island Avenue
 - iii. **\$1,656,25** (Pet.) Envirologic WO# 23 Diamond Auto
 - iv. **\$2,623.75** (Pet.) Envirologic WO#24 643 N. Riverview Dr.
 - v. \$ 465.00 (\$232.50 Pet.; \$232.50 Haz.) 6447 Stadium Drive

Agostinelli motioned to approve the consent agenda and Mandwee seconded the motion. Motion carried.

- 7. Discussion and/or Action Calendar
 - a. **Discussion/Action:** Ruach Industries, LLC Project 10 & 2 Mills Street, Kalamazoo
 - i. Part 1 Application Remi Harrington with Ruach Industries presented the project and the plans for the redevelopment of 10 and 2 Mills Street. Ruach Industries is

requesting assistance with a Phase I ESA at this time and is also requesting to waive the application fee.

Place motioned to accept the Part 1 application request and Carew seconded the motion. Motion carried with Agostinelli abstaining.

ii. Envirologic Work Order #27 - \$3,000

Carew motioned to approve Envirologic Work Order #27 with EPA grant funding for the Phase I ESA for 10 and 2 Mills Street. Milks seconded the motion. Motion carried with Agostinelli abstaining.

- b. **Discussion/Action:** City of Portage 8509 Portage Road
 - i. Part I and Part II Application Mike West from the City of Portage presented the planned redevelopment of this property.

Chair Peregon clarified that only the portions outlined in Envirologic Work Order #26 are eligible for funding from the EPA grant, which is \$15,500 for Phase I ESA, BEA, Due Care Evaluation, and boundary survey. The remaining request outlined in the City of Portage Cover letter is not eligible for EPA grant funds.

Agostinelli motioned to approve the portions of the Part I and Part II project application as outlined in Envirologic WO #26 and Wenzel seconded the motion. Motion carried.

- ii. Envirologic Work Order #26 EPA Petroleum Assessment Grant \$15,500

 Agostinelli motioned to approve Envirologic WO# 26 for the use of EPA grant funds for work at this property. Place seconded the motion. Motion carried.
- c. Discussion/Action: Project Spartan Brownfield Plan
 - i. Development Agreement City of Portage

Staff presented the Development Agreement between the City of Portage and the KCBRA for the City's eligible costs related to the Project Spartan Brownfield Plan. KCBRA legal counsel and City of Portage counsel reviewed the terms of the agreement. The Portage City Manager signed the agreement as authorized by the Portage City Council.

Agostinelli motioned approval of the City of Portage Development Agreement and to authorize the Chair to execute the development agreement as presented. Ferguson seconded the motion. Motion carried with Milks abstaining.

Chair Peregon noted that a development agreement between Scannell and the KCBRA will be forthcoming.

- ii. Timeline and updates County Board of Commissioners will hold the public hearing and consider the resolution to approve the Brownfield Plan at the 11/6/19 BOC meeting. Note it is on a Wednesday.
- d. Discussion/Action: Stryker Development Agreement Amendment #1

Development agreement amendment reflects a lot line adjustment for one of the Stryker parcels where Stryker has sold a small portion of the parcel to a neighboring property. The boundary of the Brownfield Plan remains the same.

Agostinelli motioned to authorize the Chair to execute Amendment #1 to the Stryker Development Agreement. Wenzel seconded the motion. Motion carried with Milburn abstaining.

- **d' (prime). Discussion/Action:** Administrative costs 3rd Quarter (July-Sept.) Item added to the agenda at the start of the meeting.
 - i. General Administrative Costs
 - ii. EGLE Vicksburg Mill Admin costs
 - iii. EPA Grant programmatic costs

Agostinelli motioned to approve payment of Administrative costs as presented and Ferguson seconded the motion. Motion carried.

- e. Discussion/Action: Vicksburg Mill
 - i. \$63,099.44 Grant Reimbursement Payment to Paper City Q1 through Q3
 - ii. EGLE Q4 Loan report and reimbursement to Paper City
 - iii. EGLE Q4 Grant report and reimbursement to Paper City

Agostinelli motioned to approve the Q1-Q3 Grant reimbursement to Paper City and the Q4 Loan Reimbursement to Paper City and the Q4 Grant reimbursement to Paper City (items 7.e.i through 7.e.iii). Wenzel seconded the motion. Motion carried.

iv. \$ 787.50 - Envirologic Invoice - Loan oversight

Ferguson motioned to approved Envirologic Invoice #05896 and Carew seconded the motion. Motion carried.

v. MDEQ (EGLE) Grant Contract amendment

EGLE has proposed an amendment for a possible increase in the Grant funds. EGLE is in internal discussions regarding the amount of additional funds to provide.

Agostinelli motioned to authorize the Chair to execute the EGLE Grant amendment for additional grant dollars related to the Paper City Development project in an amount determined by EGLE. Place seconded the motion. Motion carried.

f. Discussion/Action: Select Products Invoice Request #1

Agostinelli motioned to approved Select Products Invoice request #1 and Wenzel seconded the motion. Motion carried.

- g. Discussion/Action: EPA Grant
 - i. Envirologic Monthly Memo

Hawkins provided an update for the EPA grant projects

ii. Quarter 4 EPA grant report

Staff will submit Q4 grant report to EPA by October 30th.

h. **Discussion/Action**: \$18,906.00 - MEDC Invoice - State Brownfield Fund (from 2018 Annual reporting)

Agostinelli motioned to approved payment of MEDC invoice and Wenzel seconded the motion. Motion carried.

8. Financial Reports

a. **Discussion:** Fund 247 and 643 – no report this month.

9. Staff Report

a. Board member terms and reappointments update

The County Commission appointments committee has not set the interview date yet. Bylaws provide for members to continue to serve until the reappointment determination is made, even if it is past the term end date.

10. Committees - times dates and places

- a. Land Bank Report Next Meeting, November 12, 2019, 8:30 a.m. (Note Tuesday)
- b. Project/Finance Committee Thursday, November 14, 2019, 4:00 p.m.
- c. Executive Committee Friday, November 8, 2019, 9:15 a.m. (corrected date Agostinelli cannot attend on November 8th).

11. Other

12. Board Member Comments

Wenzel will be attending the Annual MEDC meeting on October 29th.

Peregon noted that Graphic Packaging has started site work.

Miller noted that MDOT is having a public meeting to receive citizen comments on MDOT items.

Wenzel noted that the City of Kalamazoo is having meetings regarding downtown streets for public input for anyone that may be interested in attending – they have a few more scheduled.

13. Adjournment: Meeting adjourned at 5:09 p.m.

Meetings of the Kalamazoo County Brownfield Redevelopment Authority are open to all without regard to race, sex, color, age, national origin, religion, height, weight, marital status, political affiliation, sexual orientation, gender identity, or disability. The Kalamazoo County Brownfield Redevelopment Authority will provide necessary reasonable auxiliary aids and services, such as signers for the hearing impaired and audio tapes of printed materials being considered at the meeting, to individuals with disabilities at the meeting upon four (4) business days' notice to the Kalamazoo County BRA. Individuals with disabilities requiring auxiliary aids or services should contact the Kalamazoo County BRA by writing or calling:

TELEPHONE: (269)384-8305

KALAMAZOO COUNTY BROWNFIELD REDEVELOPMENT AUTHORITY

MEETING DATE: Tuesday, September 17, 2019
PLACE OF MEETING: County Administration Building

201 West Kalamazoo Avenue, Room 311

TIME: 1:00 PM

Special Meeting MINUTES

Present: Joe Agostinelli, Connie Ferguson, Habib Mandwee, Doug Milburn, Jodi Milks, Ken Peregon,

Meredith Place

Members Excused: Gary Barton, Chris Carew, Travis Grimwood, Andy Wenzel

Kalamazoo Township: None

Staff: Rachael Grover, Lotta Jarnefelt

Consultant: David Stegink, Envirologic Technologies **Recording Secretary**: Rachael Grover, Lotta Jarnefelt

Community: 3

1. Chair Ken Peregon called the meeting to Order at 1:04 p.m.

2. Members Absent: Barton, Carew, Grimwood, Wenzel

3. <u>Approval of the Agenda</u>: **Agostinelli motioned approval of the agenda and Milks seconded** the motion. Motion carried.

4. Citizens Comments: None

- 5. Discussion and/or Action Calendar
 - a. **Discussion/Action:** Project Bronco/Graphic Packaging, Kalamazoo Township and City.
 - i. Conflict Consent Waiver letter

The firm that KCBRA's legal counsel is employed, Varnum, has had, and may in the future have attorney's represent Graphic Packaging International (GPI) on other matters, not related to this Brownfield redevelopment project. GPI has provided consent to Varnum's representation of the KCBRA in this matter. This conflict waiver gives KCBRA's consent and agreement that Varnum may provide attorneys to represent GPI. Conflict Consent letter presented in packet.

Agostinelli motioned to authorize the Chair to execute Varnum conflict letter as presented and Place seconded the motion. Motion carried.

ii. Development Agreement

KCBRA legal counsel and Graphic Packaging International legal counsel have reviewed and come to agreement on the language of the Development Agreement between KCBRA and GPI. Staff presented the agreement and pointed out changes.

Milks motioned to authorize Chair to execute Development agreement as presented. Ferguson seconded the motion. Motion carried.

iii. Act 381 Work Plan Submittal

Staff and Envirologic have reviewed the Act 381 Work Plan. MEDC staff have also reviewed the draft of the Work Plan. Once the Development Agreement is executed it will be attached to this final draft of the Act 381 Work Plan to be submitted to the Michigan Strategic Fund. The Brownfield Plan, expected to be approved by the County Commission tonight (September 17th), will also be attached to the Act 381 Work Plan. The MSF Board will consider the Act 381 Work Plan for approval of School Tax capture at the September 24th meeting. No action required.

b. **Discussion/Action:** Project Spartan Brownfield Application, Portage

Agostinelli provided information regarding the Scannell Development project at 6701 Portage Road. It will be a 330,000 square foot distribution center that is expected to provide an estimated 900 jobs. Private investment is estimated at \$25 million plus an additional \$15-20 million of personal property.

Scannell has submitted a Part I and Part II application along with the Application fee. Scannell has not yet submitted the Reimbursement Agreement. At this time, the KCBRA has not incurred costs for the project.

Place motioned to approve the Scannell Brownfield Application and Mandwee seconded the motion. Motion carried with Milks abstaining.

c. Discussion/Action: 643 N. Riverview Drive, Parchment

Part I Application provided by the developer, Mayra Melchor.

Staff provided a description of the redevelopment project. The property operated as a restaurant for over 20 years but prior to that was a gas station. There is likely a tank near the building where the new owner needs to install an outside cooler.

Stegink provided a description of the Work Order and proposed work.

Agostinelli motioned to accept the Part I application, waive the application fee, and approve Work Order #24 for the 643 N. Riverview project, and Mandwee seconded the motion. Motion carried.

d. Discussion/Action: 6667 Stadium Drive, Oshtemo Township

Part I application submitted by developer for an apartment redevelopment. Recommendation for now is to submit this for eligibility determination to EPA prior to September 30th when our grant is scheduled to expire. We are currently waiting to hear from the EPA on our extension request for our EPA grant funds.

Agostinelli motioned to approve the Part I application and Envirologic Work Order #25 contingent upon receipt of the application fee and Reimbursement agreement. Milks seconded the motion. Motion carried.

Re: Professional Opinion — Reimbursement Package for Completion of Eligible Activities
Consistent with an Approved Combined Brownfield Plan and Act 381 Work Plan, PS 383,
LLC, 381/383 South Pitcher Street, Kalamazoo, Michigan.

Dear Ms. Grover,

A Combined Brownfield Plan and Act 381 Work Plan for 381/383 South Pitcher Street, Kalamazoo, Michigan, was approved by the Michigan Department of Environmental Quality (DEQ) on July 7, 2017, and the Michigan Economic Development Corporation (MEDC) on September 22, 2017. PS 383, LLC, an affiliate of PlazaCorp Realty Advisors, is the developer of the project. PS 383, LLC submitted a reimbursement package to the Kalamazoo County Brownfield Redevelopment Authority (KCBRA) on October 9, 2019. Envirologic was tasked by the KCBRA to opine on whether the costs submitted for reimbursement are "eligible costs" consistent with the Combined Brownfield Plan and Act 381 Work Plan.

The following represents Envirologic's professional opinion on the request for cost reimbursement.

OPINING ON ELIGIBLE COSTS

Envirologic has reviewed the reimbursement package, inclusive of invoices and supporting documentation, submitted by PS 383, LLC for eligible activities described in the Combined Brownfield Plan and Act 381 Work Plan.

The DEQ unconditionally approved \$117,571 in the following DEQ and Predevelopment Activities: due care compliance activities including due care management and planning, direct contact assessment, storm water management assessment, disposal of excess soil, soil cover to address direct contact, assessment of trichloroethene (TCE) impacted soils, excavation of TCE impacted soils in area of GP-7-15, and vapor intrusion mitigation system. The following pre-development activities were also approved in the Combined Plan and do not require DEQ approval: site investigation required to complete a BEA, completing a BEA, and preparing a plan for compliance with Sections 20107a and 21304c of PA 451 (NREPA). Preparation of the Combined Brownfield Plan and Act 381 Work Plan is also an eligible expense. All of these costs are approved for both school and local capture according to the following ratio: school tax capture amount of 41.38% or \$48,650, and local tax capture of 58.62% or \$68,921. Interest costs associated with department specific activities, as authorized by Section 13b(12)(b) of Act 381, was also approved by the KCBRA

Ms. Rachael Grover November 15, 2019 Page 2 of 3

in the Combined Plan. The DEQ allows simple, non-compounding interest charged on department-approved activities to be reimbursed with state school taxes up to a maximum rate of five percent. Interest as a reimbursable expense was approved by the DEQ. This amount is above and beyond the \$117,571. The amount is not included as the amount of interest reimbursed will depend on the actual costs incurred. Please note, although the DEQ approved up to 5% interest, the KCBRA approved 3% interest on eligible costs.

MEDC approved **\$153,653** in local and school tax capture for Act 381 eligible activities according to the following ratio: school tax capture amount of 41.38% or \$63,582, and local tax capture of 58.62% or \$90,071. MEDC-approved activities include demolition; lead, asbestos, or mold abatement; site preparation; 15% contingency; 3% interest; and preparation of the brownfield plan and work plan. MEDC has estimated the 3% interest at \$21,051 and built this cost into the \$153,653 approved amount of capture.

PS 383, LLC submitted to the KCBRA on October 9, 2019, a reimbursement request package for eligible costs incurred. Envirologic has reviewed the reimbursement package, inclusive of invoices and supporting documentation such as submitted checks, notarized AIA construction draw documents, and signed waiver of liens. All submitted environmental and non-environmental eligible costs are consistent with the Combined Brownfield Plan and Act 381 Work Plan. Please note, a reimbursement request for \$1,737.62 was included for asbestos abatement performed by Martin & Associates with an indicated invoice number of 4751. While this activity is consistent with the Plan, this invoice was not included in the package. Also, no other supporting documentation was included, such as a check stub, line item on the AIA document, or waiver of lien. Envirologic was informed that submission of this invoice to the KCBRA is forthcoming.

Envirologic also wants to note that a line item for site preparation performed by WLR AR Construction (WLR) for \$3,536 is listed in the request with an invoice number of 3588. This invoice was not included in the reimbursement package. Not including this invoice may have been an oversight as multiple invoices from WLR AR Construction were included in the request package. A full waiver of lien was signed by WLR on October 3, 2019.

As indicated by PS 383, LLC in the submitted reimbursement request package cover letter, the submitted eligible expenses totaling \$361,368.98 are in excess of the approved amount of eligible costs. Therefore, the missing documentation noted above could still be submitted to the KCBRA but may not be necessary. In the October 9, 2019, submitted cover letter, PS 383, LLC indicated the approved costs to total \$289,829. This amount includes interest expense.

Ms. Rachael Grover November 15, 2019 Page 3 of 3

DEQ- and MSF-approved eligible activities, not including interest, total \$250,173. Interest calculations will be made on the principal balance of \$243,673 as the preparation of the Combined Plan is not eligible for interest. 3% interest has been approved by the KCBRA, DEQ, and MEDC. Actual interest costs will be calculated based on annual unreimbursed principal costs remaining after the actual tax increment is received and distributed each year.

It is Envirologic's opinion that the invoices and supporting documentation submitted by PS 383, LLC adequately document the performance and payment of the eligible activities completed to date consistent with the approved Combined Brownfield Plan and Act 381 Work Plan to authorize reimbursement of \$250,173, plus 3% interest on eligible costs.

For your reference, please refer to the following attachments: PS 383, LLC Eligible Activities Costs (submitted as part of the reimbursement package); Table 1 – Eligible Activities Costs and Schedule (from the approved Combined Plan); Table 1 – Act 381 Predevelopment and DEQ-Approved Activities for the 381/383 South Pitcher Street Project (from the DEQ approval letter); and Appendix A – Programmatic Requirements & Screening Guidelines (from the MEDC approval letter).

If you have any questions or comments pertaining to Envirologic's opinion related to eligible costs consistent with the combined Brownfield Plan and Act 381 Work Plan, please contact our office by email at searles@envirologic.com or phone at (269) 342-1100.

Sincerely,

ENVIROLOGIC TECHNOLOGIES, INC.

APPENDIX A – PROGRAMMATIC REQUIREMENTS & SCREENING GUIDELINES

(FROM THE MEDC APPROVAL LETTER)

APPENDIX A – Programmatic Requirements & Screening Guidelines

Property Eligibility

The project is located within the boundaries of the city of Kalamazoo, which is a Qualified Local Governmental Unit, and has been determined to be a facility as verified by Michigan Department of Environmental Quality (DEQ) on August 30, 2017.

The property is the subject of a Brownfield Plan, duly approved by the county of Kalamazoo on April 4, 2017 and by the city of Kalamazoo on March 20, 2017.

In addition, the project is requesting from the DEQ \$136,176 in TIF.

Key Statutory Criteria

Act 381 requires the following information to understand and explain the benefits of the project.

a) Overall Benefit to the Public:

The project will control contaminates that were detected on the site, create new jobs and spaces for businesses to locate. The project will add to the investment in the area from the nearby Bronson Culinary Allied Health building.

b) Jobs Created (Excluding Construction and other Indirect Jobs):

This project is expected to create approximately 30 new full-time equivalent jobs in Kalamazoo.

c) Area of High Unemployment:

In July 2017, the city of Kalamazoo unemployment rate was 5.0% and the county of Kalamazoo unemployment rate was 4.8%.

d) Level and Extent of Contamination Alleviated:

Soil and groundwater sampling activities conducted at the property on December 16, 2015 have indicated the presence of volatile organic hydrocarbons (VOCs), polynuclear aromatic hydrocarbons (PNAs) and metals in soil, as well as PNAs and metals in groundwater at concentrations that exceed Part 201 Generic Residential Cleanup Criteria (GRCC). Exceedance of the Part 201 GRCC qualifies the Property as a "facility" as defined by Section 1(1)(o) of Part 201 of Act 451, Michigan Natural Resources and Environmental Protection Act.

e) Reuse of Functionally Obsolete Buildings and/or Redevelopment of Blighted Property: The project is not qualifying as functionally obsolete or blighted.

f) Whether Project will Create a New Brownfield Property in the State:

No new Brownfields will be created by this project.

g) Whether the Project is Financially and Economically Sound:

From the materials received, the MEDC infers that the project is financially and economically sound.

h) Other Factors Considered:

No additional factors need to be considered for this project.

Tax Capture Breakdown

There are 57.9996 non-homestead mills available for capture, with school millage equaling 24 mills (41.38%) and local millage equaling 33.9996 mills (58.62%). Tax increment capture will begin in 2018 and is estimated to continue for 11 years. The requested tax capture for MSF eligible activities breaks down as follows

TOTAL		\$ 153,653
Local tax capture	(58.62%)	\$ 90,071
School tax capture	(41.38%)	\$ 63,582

Cost of MSF Eligible Activities

Demolition	\$	92,300
Lead, Asbestos, or Mold Abatement		10,680
Site Preparation	+ _	9,500
Sub-Total	\$	112,480
Contingency (15%)	+ _	16,872
Sub-Total	\$	129,352
Interest (3%)	+ _	21,051
Sub-Total	\$	150,403
Brownfield/Work Plan Preparation	+ _	3,250
TOTAL	\$	153,653

MEMORANDUM

TO: RACHAEL GROVER, RESOURCE COORDINATOR, KALAMAZOO COUNTYBROWNFIELD

REDEVELOPMENT AUTHORITY

FROM: **JEFF HAWKINS**

SUBJECT: FY16 EPA BROWNFIELD ASSESSMENT GRANT UPDATES

DATE: **11/21/2019**

This memorandum serves to provide information regarding updates for the Kalamazoo County Brownfield Redevelopment Authority (KCBRA) for activities and services rendered on various projects related to the EPA Brownfield Assessment Grants.

1. Site Inventory and Prioritization Project No: 160360 – W.O. 2

Update:

It is anticipated that no further activities will occur under this task. Envirologic is proposing to move the remaining \$1,500 budget to Community Outreach and Programmatic.

2. Community Outreach and Programmatic

Project No: 160361 - W.O. 3

Update:

Envirologic prepared materials for and attended the KCBRA board meeting in October. Envirologic attended the Executive Committee meeting in November. Numerous communications with Rachael Grover regarding potential projects. Envirologic completed the quarterly reports and other reporting necessary under the Cooperative Agreement. As noted above, Envirologic is proposing moving the Site Inventory and Prioritization budget to this task.

3. 100 Island Avenue

Project No: 180307 - W.O. 18

Update:

Mr. Greg Terrill (or an entity to be formed) has acquired several buildings formerly part of the former Crown Vantage paper mill in Parchment, Michigan. Mr. Terrill intends to restore 2-3 buildings to move his business to the property. There have been previous environmental assessments and a hazardous building materials survey conducted. Envirologic has made full use of the existing documentation.

Envirologic has completed the Phase I and II ESA. A BEA has been drafted. Envirologic just received information from the developer which will allow Envirologic to submit the BEA to the state. Mr. Terrill has closed on the property. The KCBRA approved a work order amendment to prepare an Act 381 Work Plan for submittal to the EGLE. A draft of the work plan has been submitted to EGLE as part of an unofficial review prior to formal submittal due to unusual circumstances related to demolition as a response activity. Envirologic has revised the work plan, however, it hasn't been submitted since we are waiting for demolition costs from the developer.

4. City of Parchment – Former Rivers Edge Property Project No: 190146 – W.O. 22

Update:

The Kalamazoo County Brownfield Redevelopment Authority wishes to assist the City of Parchment in securing control of property once conveyed to a developer (River Reach). The property, once home to the Parchment Paper site, is made up of several parcels of land and includes several dilapidated buildings that once housed paper-making operations. River Reach and the City of Parchment are negotiating the transfer of the property to the City. In order for the City to secure protection from cleanup liability, preparation of a Phase I Environmental Site Assessment, Baseline Environmental Assessment and Due Care Document is needed. Further, in reviewing the Brownfield Plan for this property, there is not an adequate graphic depiction or description of the property subject to the Brownfield Plan. As lot lines, streets, parcels, etc. are re-shaped, it is necessary to maintain the

underlying description of the property subject to the Brownfield Plan. Envirologic is working with a local surveyor to help secure an improved description and depiction of the property subject to the Brownfield Plan. This information should be forthcoming in the next week.

Envirologic has completed the Phase I ESA. During the site inspections, Envirologic discovered an area with numerous drums it has been determined that most of the containers are empty. Envirologic is organizing a meeting with the City, EGLE and the KCBRA to evaluate options for moving forward regarding site conditions, potential funding, etc.

Diamond Auto – 10028 Shaver Road, Portage, MI Project No: 190146 – W.O. 22

Update:

The Kalamazoo County Brownfield Redevelopment Authority wishes to assist Diamond Auto Sales of Portage and Double Diamond LLC with acquisition of a former car dealership property in Portage. Diamond Auto Sales of Portage has been leasing the property since 2016.

A Phase I Environmental Site Assessment was recently completed and identified concerns pertaining to the possibility that petroleum and hazardous substances may have been discharged through floor drains and trench drains, potentially to a private septic system. Further, the Phase I ESA indicates an unknown fuel for heating prior to the availability of natural gas. This project was approved and Envirologic has received approval from EGLE to expend grant funds. A Sampling and Analysis Plan and Health and Safety Plan has been approved. Envirologic did not find contamination at the site so no BEA is required. Additionally, due to difficulties clearing the sewer drain system in order to inspect it, additional oversight was required by Envirologic. Envirologic is requesting a \$1,000 amendment to Work Order 22 for consideration by the KCBRA.

6. 643 N. Riverview, Parchment, MI Project No: 190188 – W.O. 24

Update:

The Kalamazoo County Brownfield Redevelopment Authority wishes to assist Ms. Mayra Melchor who acquired the property at 634 N. Riverview in Parchment. The property is a former gasoline service station. It appears that an underground storage tank is present on the property in an area where the new owner wishes to construct a walk-in cooler for her new restaurant. The purpose of the work in this Work Order is to provide rapid environmental services to expedite removal of this tank, gather information about the property and support an EGLE grant application to address any additional environmental needs on the property. This project was approved at a Special Meeting of the KCBRA on September 17, 2019. Envirologic has received eligibility approval. A geophysical survey was conducted that confirmed an underground tank in the area that the owner wishes to build a walk-in cooler. No other tanks were identified from the survey. The tank was determined to be too close to the building, utilities and a retaining wall to be removed and was closed in-place. The tank was cleaned, samples obtained and filled with an inert flowable fill. Site assessment samples came back clean and did not require a confirmed release notification. Envirologic is waiting final documentation from LARA (Licensing and Regulatory Affairs) regarding the closure of the UST. The building owner should be able to proceed with building the walk-in cooler. Envirologic was not able to patch the area where the UST was exposed due to weather conditions and availability of asphalt. However, it is anticipated that this may not be needed since the walk-in cooler will be built over this area.

Former Chime Elementary, 6667 Stadium Drive, Oshtemo Twp. Project No: TBD – W.O. 25

Update:

The developer has indicated that he is not moving forward with the project due to the cost of the project. Envirologic has returned the remaining budgets for use on other projects.

10 and 2 Mills Street, Kalamazoo, MI Project No: 190212 – W.O. 27

Update:

The Kalamazoo County Brownfield Redevelopment Authority wishes to assist Remi Harrington, Principal Developer of Ruach Industries, LLC, in the acquisition of a portion of the development area known as Merchant's Crossing. The KCBRA approved Work Order 27 in October to conduct a Phase I ESA. Eligibility has been received for the project and Envirologic has proceeded with the Phase I. Based on preliminary information, it is likely that Phase II ESA activities will be necessary.

9. 8509 Portage Road, Portage, MI – Former Speedway

Project No: 190213 - W.O. 26

Update:

The Kalamazoo County Brownfield Redevelopment Authority wishes to assist the City of Portage in the acquisition of a former Speedway gas station at the corner of Portage Road and Zylman. The proposed work is intended to assist the City in its environmental due diligence requirements and due care evaluations to help the City properly utilize and improve the site.

The KCBRA approved Work Order 26 in October to conduct a Phase I ESA, BEA and address Due Care. Envirologic has received eligibility approval from EGLE and is proceeding with the Phase I ESA.

Scope of Services

Contract for Professional Services Kalamazoo County Brownfield Redevelopment Authority Applicable to Contract Dated September 22, 2016 Work Order No. 3, Amendment #1, Dated September 28, 2017 Work Order No. 3, Amendment 2, Dated May 24, 2018 Work Order No. 3, Amendment 3, Dated December 20, 2018 Work Order No. 3, Amendment 4, Dated November 21, 2019

Between

KALAMAZOO COUNTY BROWNFIELD REDEVELOPMENT AUTHORITY (CLIENT) **201 WEST KALAMAZOO AVENUE** KALAMAZOO, MICHIGAN 49007-3777

And

ENVIROLOGIC TECHNOLOGIES, INC. (ENVIROLOGIC) 2960 INTERSTATE PARKWAY **KALAMAZOO, MICHIGAN 49048**

Subject Matter: Community Outreach and Programmatic Funding Source: U.S. EPA Assessment Grant, Hazardous Substances, Task 5—Community Outreach and **Programmatic**

CLIENT requests that ENVIROLOGIC perform the work described below in accordance with the terms of the above-referenced Contract and as described in this "Scope of Services."

ENVIROLOGIC will begin work on this Work Order and complete the services as described in the attached "Scope of Services."

ENVIROLOGIC and CLIENT have designated the following representatives for this "Scope of Services:"

Jeffrey C. Hawkins (269) 342-1100 Name (ENVIROLOGIC) Phone Mr. Ken Peregon, Chair (269) 381 3357 Name (CLIENT) Phone

If CLIENT accepts this Scope of Services, please sign this Work Order on behalf of CLIENT and return to the ENVIROLOGIC Representative above:

ACCEPT	ED AND AGREED TO:

I. Scope of Services

Envirologic intends on using the Community Outreach and Engagement and Community Plan for the 2016 EPA Brownfield Assessment Grant application as a basis for outreach and engagement efforts. Envirologic envisions that the first outreach meetings will involve a general introduction to the community regarding brownfields and the grant resources. These outreach meetings as outlined in the Site Inventory and Prioritization section will continue soliciting sites, creating a Task Force to create a prioritization scheme that will culminate in an updated and prioritized site inventory.

Further engagement may involve the creation of a Site Reuse Team that will primarily focus on properties within the targeted Northside Neighborhoods and Pitcher and King Highway Corridors. Working with residents, the NACD, Township Officials, business owners, the MDEQ, EPA, etc., the KCBRA, with Envirologic's assistance, will help the community create action plans for sites that most affect their community goals and have the greatest positive impact. These meetings provide an excellent opportunity to work with the Technical Assistance to Brownfield Communities (TAB) group. Additionally, knowing the health issues that brownfields can cause in these target areas, Envirologic has communicated with Laurel Berman of the Agency for Toxic Substances and Disease Registry for assistance in implementing their Action Model. ATSDR is willing to support the KCBRA and the affected communities by working with diverse members of the community to find ways to make health a part of the renewal process.

Concurrent with the above noted outreach efforts, Envirologic envisions holding other educational sessions to inform the development community, i.e., lenders, developers, realtors, of the available resources and tools through the KCBRA. Much of this information will also be developed to be shared electronically, in print and through social media. Envirologic will assist with the development of tools, programs and events to educate, inform, and celebrate the successes of the projects. Some of these efforts may include:

- Fact sheet and brochure development informing the public about the Authority and available grant funds (multi-lingual)
- Project information fact sheets which outline the use of grant funds and the successful outcomes of projects
- Develop PowerPoint and other presentation materials
- Write and circulate Press Releases
- Present and facilitate educational presentations to various committees, community groups, boards, and business sectors
- Develop presentation materials, and attend Public and Municipal Meetings and Hearings
- Communicate and meet with Grant Partners to further educate their staff and constituents
- Facilitate a bus or trolley tour to showcase grant-funded sites, allowing the recipients to introduce their businesses.
- Community open houses and receptions
- Create re-usable project site signs to identify the project support from the U.S. EPA and BRA
- "Gold-plated" shovels and logo hard-hats for groundbreaking ceremonies.
- Develop Dashboards that summarize the successful implementation of the grants

Support creation of website materials

All outreach documents and presentations can be created in a format that is easily transferable to the County's website. Our Computer Assisted Drafting (CAD) staff along with the Project Community Outreach Coordinator Pam Jackson, are available to create and generate specialty outreach materials and large-format display materials for meetings, booths, and other venues.

The Assessment Grant has several **Programmatic** requirements including quarterly and annual reports, budget reports, property profiles, etc. Envirologic intends on preparing reporting formats and guides to effectively and efficiently manage these routine tasks. Envirologic is prepared to provide immediate support of the Cooperative Agreement by completing the following activities:

- Prepare and maintain all U.S. EPA and KCBRA schedules and timelines as required and directed
- Develop and maintain spreadsheets with cost accounting data for each project site
- Identification of potential Disadvantaged Business Enterprises (DBEs) in the community that can provide support services and report to U.S. EPA on the use of DBEs.
- Develop and distribute routine status reports and support materials
- Develop marketing/promotional materials for the KCBRA, and potential sites
- Other activities deemed necessary by the KCBRA
- Technical Review of Brownfield Plans, Work Plans and Report recommendations.

II. Compensation

Compensation for services provided under this Work Order will be completed on a time and materials basis invoiced at the rates provided in the Contract for Professional Services between ENVIROLOGIC and CLIENT not-to-exceed the budget detailed below without prior authorization from the KCBRA.

The Grant Work Plan budget estimated \$5,000 per grant for a total budget of \$10,000 for contractual support for these activities. Envirologic is proposing to initially utilize \$5,000 of the budget to complete these tasks as directed by the KCBRA. As funds and activities occur which may require additional funding, Envirologic will present amendments to this work order to the KCBRA for approval.

Community Outreach and Programmatic Activities

Subtotal\$	5,000
ESTIMATED PROJECT COSTS (Initial Budget)\$	5,000
	-,
Amendment #1\$	3.000
Amendment #2	•
Amendment #3\$	
Amendment #4\$	•

Total Budget\$	13,50	00
I Utal Duuget	エン,ン	Ju

In order to amend this budget which has been fully utilized, \$1,500 will be moved from the Site Inventory and Prioritization task which is complete to account for this change which is allowed by EPA. This cost can be split evenly between the Hazardous Substances Grant and the Petroleum Grant.

III. Schedule

Work performed under this Work Order will be completed as directed by the KCBRA during the term of the grants. At a minimum, programmatic activities to insure compliance with the Cooperative Agreement will be completed according to the schedules outlined by EPA.

Signature ______ Signature _____ Date ______ Date ______

I. Scope of Services

The Kalamazoo County Brownfield Redevelopment Authority wishes to assist Diamond Auto Sales of Portage and Double Diamond LLC with acquisition of a former car dealership property in Portage. Diamond Auto Sales of Portage has been leasing the property since 2016.

A Phase I Environmental Site Assessment was recently completed and identified concerns pertaining to the possibility that petroleum and hazardous substances may have been discharged through floor drains and trench drains, potentially to a private septic system. Further, the Phase I ESA indicates an unknown fuel for heating prior to the availability of natural gas. Envirologic is proposing a Phase II to investigate these concerns and prepare a Baseline Environmental Assessment if necessary.

Phase II ESA, BEA, Due Care

Envirologic will secure eligibility for the site. At this time, it is assumed that petroleum eligibility can be secured.

Envirologic will complete a Phase II Environmental Site Assessment. To determine where floor drains and trench drains currently discharge, we propose to conduct a camera survey of the underground piping. To do so, it is necessary to first clean the subgrade piping, oil/water separator and other features where the camera may pass. We will water jet these features and capture the wastewater. The wastewater will be transported and properly disposed. We will require Diamond Auto Sales of Portage to be the generator of record for this waste and we will assist them in coordinating Identification Numbers and other approvals necessary to conduct the waste disposal appropriately.

We will utilize a camera survey system to track the distance and direction of piping as well as visually determine its condition. Assuming there are no access issues or damage to piping that prevents camera access, it is our intent to map the underground piping and determine if these features are connected to the sanitary sewer or not. Further, visualization will help us determine if discharge lines were severed to connect with new lines, indicating the possibility of older structures such as dry wells or septic systems. Amendment #1: Due to additional staff time required to assist with the camera/sewer line survey, Envirologic is requesting additional budget. The lines were plugged, and additional time was required to coordinate and complete the survey which required additional oversight.

To supplement this work, as well as to look for the possibility of remnant fuel oil tanks, we will have a ground penetrating radar survey of the property surrounding the building completed.

We propose to advance soil borings at the site adjacent to the oil/water separator, trench drain, and ay found structure of concern to collect soil and/or groundwater samples for laboratory analysis. The cost below assumes up to eight soil borings with collection of eight soil and four groundwater samples for analysis of various petroleum-related parameters. Additional samples necessary to meet USEPA Quality Assurance and Control requirements will be included.

If the investigation reveals the presence of contaminants exceeding generic residential cleanup criteria, we will prepare a Baseline Environmental Assessment. Otherwise, a Phase II Environmental Site Assessment project report will be prepared.

II. Compensation

Compensation for services provided under this Work Order will be completed on a time and materials basis invoiced at the rates provided in the Contract for Professional Services between ENVIROLOGIC and CLIENT not-to-exceed the budget detailed below without prior authorization from the KCBRA.

Phase II ESA and BEA

Eligibility, Health and Safety, Coordination\$	1,000
Field Geologist\$	1,700
General Labor\$	
Sewer Cleaning, Waste Disposal, Camera Survey\$	5,300

Laboratory Services\$ Report Preparation (Phase II ESA or BEA)\$	
Amendment #1	
ESTIMATED PROJECT TOTAL\$	18,800

III. Schedule

Work performed under this Work Order will be initiated upon authorization to proceed, as directed by the KCBRA and would be expected to take place over the following 4-5 weeks.

KALAMAZOO COUNTY BROWNFIELD REDEVELOPMENT AUTHORITY

PREPARED BY
KALAMAZOO COUNTY BROWNFIELD REDEVELOPMENT AUTHORITY

OVERVIEW

Since the Kalamazoo County Brownfield Redevelopment Authority (KCBRA) was created in 2002, brownfield redevelopment has become a strategic initiative that benefits all corners of the community. The KCBRA has led this effort by educating the community, collaborating with units of government and other agencies, pursuing funding, and innovatively applying the tools created by the Michigan legislature.

2018 has been a very active year for the KCBRA. Nearly 50% of our 2016 U.S. EPA Brownfield Assessment grant funds have been expended supporting 9 projects in 6 communities, leveraging over \$17 million in investment, and creating nearly 50 jobs. The KCBRA recognizes the need to support projects that bring equitable opportunities to underserved areas of our community. For this reason, the EPA Grant was used to complete environmental assessments for five sites being redeveloped for mixed use (senior citizen housing, a café, an intergenerational computer and fitness center, and a medical office) by the Northside Association for Community Development.

The KCBRA continues to support redevelopment of the former Fox River Paper Mill in Vicksburg, Michigan. This \$70 million project will transform an over 100-year-old mill into a showcase for the region, creating over 200 jobs. In 2018, the KCBRA pursued and received a \$100,000 grant and \$1,250,000 loan for this project from the Michigan Department of Environment, Great Lakes and Energy.

The KCBRA also assisted two notable projects with Brownfield Plans in 2018: the Stadium Park Way Redevelopment Project and the Delta Hotels by Marriott Kalamazoo Conference Center, both sites in Oshtemo Township. These two projects will create nearly \$11 million in investment and over 55 jobs.

The KCBRA Board of Directors took another major step in its history by supporting a full-time Brownfield Redevelopment Coordinator to address the growing number of County Brownfield Projects. Leveraging the Brownfield tax increment allows the KCBRA to continue to fund its annual administrative and operating costs, as well as the Local Brownfield Revolving Fund created several years ago, to support future projects in the county. The following annual report provides further details on an exciting and active 2018.

GRANT RESULTS

2018 represents the second year of our U.S. EPA Brownfield Assessment Grant. Since the beginning of the grant cycle, 47% of the funds have been used to support projects community-wide. The grant funding has proven to be an integral part of our brownfield redevelopment strategies. In 2018, the need to address brownfield sites hasn't diminished in the county.

BROWNFIELD PLANS THROUGH 2018

The KCBRA received Tax Increment Revenue (TIR) from 14 properties in 2018. Private dollars leveraged on these properties total over \$374 million. Two of the projects in 2018 were new brownfield Plans, the Stadium Parkway Redevelopment project, and the Delta Hotels by Marriott property, both in Oshtemo Township.

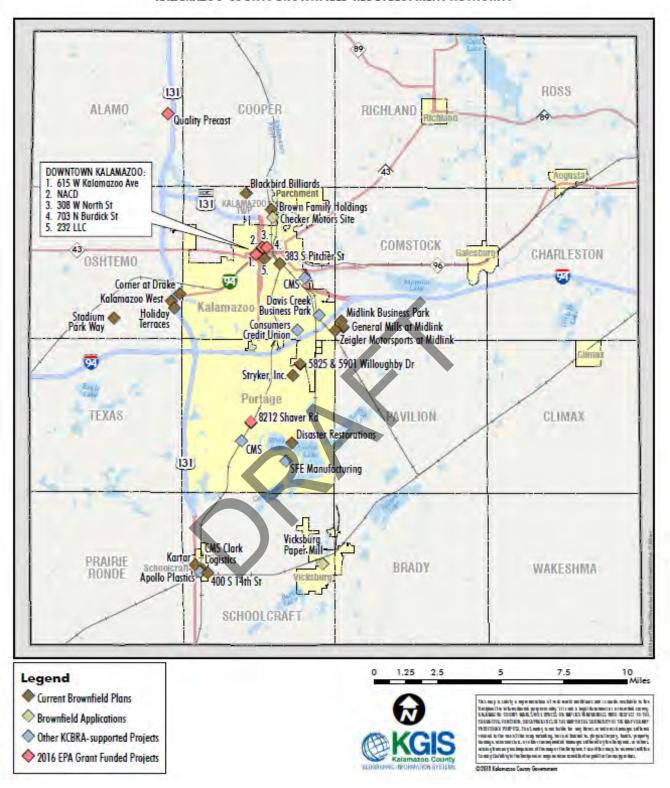

#	Year Established	Plan Name	Location	TIR Collected in FY 2018	TIR Collected through 12-31-18	~ Private \$ Leveraged
